Bid Evaluation

Select the criteria that will be used to evaluate the bids collected.

Criteria	Description	Evaluation Weight (%)	Minimum Requirement
Cost		40	Like Services Based on Percentage of Cost
Contract modification provisions		20	1 and 3 year terms with month to month options and flexibility with disconnect and early Termination
Leverage existing resources		20	Reduce Administrative Burden & Soft Costs
Other	Network Design	20	Primary, Secondary and Tertiary Options should be Diverse or designed for a period of time

Does the HCP have any disqualifying factors that will remove bids or bidders from consideration? Yes

Disqualifying factors:

Internet provider must align with Transport Provider, when the Telecom program is used for a service similar to MPLS (in this situation, if the offeror of Internet is not the same as the transport provider the offer shall be disqualified). We prefer to evaluate all offers. SPAM based offers and/or Bid Responses inconsistent with the requirements described within the Invitation to Bid may be disqualified - the failure to provide requested information or documents may disqualify an offer. Bid offers shall be uploaded accordingly or they may be disqualified. Offer submitted late shall not be considered and finally, failure to provide signed documents may disqualify an offer for services sought.

Will the HCP be including an RFP with this application? No

Summary of the HCP's requested services. :

Services are requested for the clinic and admin facility. Please provide pre-signed authorized contracts for services. It is acceptable to provide responses prior to the due date and it is acceptable to offer existing contracts as bid responses as long as program rules are not violated. Primary, secondary and tertiary awards may be awarded. Evaluations will be made based on term and July 1, 2024 availability for the primary and secondary awards. Additional awards may be made to take advantage of cost effective solutions offered after July 1, 2024 and before June 30, 2025. Up to 3 year terms are acceptable on new services, but preference is for 1 year term or month to month on all other services. 1 year term is also acceptable on new services. Point to point connectivity between the HCP and admin facility may be awarded. The admin facility (118647) is located at 187 Mallott Ave. Yakutat AK, 99689 | P.O Box 115, Yakutat AK, 99689 and one intent of this request is to determine the best way to connect the administrative facility and the clinic. Primary and backup Internet services may also be awarded to the admin facility. Both point to point and multiple Internet connections may be awarded. Static IPs are important with Internet services. Please include installation and/or other NRC costs (such as equipment) as required. It is possible that an Internet award for service delivered over an MPLS solution is made for the Clinic. New services, including backup services could be awarded as well.
